DETAILED ACTION

1. Applicant's amendment filed 12/30/05 has been entered and made of record.
2. Applicant's arguments, see 2nd paragraph of page 7 of applicant's response filed 12/30/05 with respect to the rejection of claims 19 and 21-27 under section 35 USC 112, second paragraph, have been fully considered and are persuasive. The rejection has been withdrawn.
3. Claims 18-19, and 21-36 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Amended claims 18, 23, and 29 includes the claimed features which was previously indicated allowable in the previous office action mailed 10/06/2006. Therefore, reference is made to paragraph 8 of the office action mailed 10/06/2005 as to the reasons why the most relevant prior art (Kimura et al.) previously applied do not anticipate or render obvious the claimed invention.

Dependent claims 19, 21-22, 24-28, and 30-33 are also allowed for the same reasons as set forth above.

Reference is made to applicant's arguments with regard to claims 35-36 set forth in pages 8-10 as to the reasons why the most relevant prior art (Kimura et al.) previously applied do not anticipate or render obvious the claimed invention as recited in claims 35-36. As pointed out by applicant, Kimura et al determines the frequency of occurrence of individual symbol, not sequences of symbols.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
